## HLH Solutions

Rapid Prototypes  
Rapid Tooling  
Rapid Production

## HLH Core Services

Engineering  
CNC Machining & Turning  
3D Printing (SLA, SLS, DMLS, SLM)  
Sheet Metal Work  
Vacuum Cast  
Rapid Tooling (ProtoTool)  
Injection Molding  
Composites

## Why Choose HLH?

Experienced Engineers  
Year's of Experience  
Western Managed  
Technological Diversity  
Stellar Quality  
Massive Capacity  
Secure Facilities  
Competitive Pricing

# HLH Rapid Low Volume Manufacturing

### Company

**HLH MOLD TECHNOLOGY CO LTD**

VAT: 440300079807308 | Privately Held

Office  
Shajing, Shenzhen

Factory  
Dalingshan, Dongguan

CNC Machining  
4500 sqm

Injection Molding  
1000 sqm

Finishing & Assembly  
900 sqm

3D Printing  
600 sqm

Tool Shop  
1800 sqm

Vacuum Casting  
600 sqm

EDM  
600 sqm

### Technology

CNC's - 50+

3D Printers - 2

Vacuums - 2

Injection Mold Press - 6

EDM - 4

North America - 20%

Western Europe - 40%

### Markets

United Kingdom - 20%

Rest of World - 20%

### Industries

Consumer Electronics - 10%

Product Development - 15%

Aerospace & UAV- 10%

Robotics- 10%

Medical Devices - 10%

Communications - 5%

Automotive - 30%

Industrial - 5%

2015  
10 Million USD

2016  
12 Million USD

2017  
15 Million USD

### Turnover
