Material Guide 3D Printing

3D Printing Materials

Type	Material	Material Reference	Colors	Notes	Quantity
SLA	Generic Resin	C-UV 9400	White	High temp resistance 100C	35 machines
	Rigid Resin	8000	White (Transparent)		35 machines
		TOP31B	Black		8 machines
	High toughness resin	8228	Light Green		12 machines
		Lasty-R	Yellow		5 machines
		Taurus	Black		8 machines
	High temp material	YG H-3001	Grey		12 machines
		Lasty-702	Yellow		5 machines
	Transparent resin	Crysta-8QEF1	Transparent		35 machines
	SLS	PA	FS3300PA	White	
PA+GF		FS3400GF	Grey		1 machines
MJP		M2G-CL	Transparent		2 machines
FDM	PA	PLA	Many colors		5 machines
MJF	PA	PA12	Black		12 machines
SLM	Metal	Stainless steel 316L	Metallic color		4 machines
		Titanium alloy	Metallic color		4 machines
		Aluminum alloy	Metallic color		4 machines
		Die steel	Metallic color		4 machines
		Nickel base superalloy (GH4169)	Metallic color		4 machines
